BRAAS  & FUCKERT GmbH+Co KG

All about us

67
years
1949 - 2016

Founded in 1949 as a single company, the firm of BRAAS+FUCKERT is today one of the leading European suppliers of tools for original machine equipment

- 1949** Foundation of the original company by Ewald Braas
- 1972** Foundation of a limited partnership company and take-over of the management by the Seip family
- 1973** Move to the new company premises
- 1984** Acquisition of the Fuckert company
- 1988** Construction of a new warehouse, thereby doubling the storage capacity
- 1989** Foundation of the firm of Braas + Fuckert GmbH+CoKG and take-over of the management by Werner and Bernd Seip
- 1992** Extension of the office premises
- 1994** Certification to ISO 9001
- 2006** energy-saving renovation of the office building

The Managing Directors of the 3rd generation: Werner Seip and Bernd Seip
